The first Jalsa Salana/Annual convention was started by Hadhrat Mirza Ghulam Ahmad	extsuperscript{as} in 1891 in the small town of Qadian; a modest gathering of 75 members formed the audience of this historic convention and today by the grace of Almighty this convention is held in numerous countries across the globe and has a global audience of millions of people. Conventions are held in different countries at different times of the year. The convention in UK has an international significance due to the gracious presence of Hadhrat Mirza Masroor Ahmad (ATBA), the head of the Ahmadiyya Muslim Community.

Hadhrat Mirza Ghulam Ahmad	extsuperscript{as} has mentioned two purposes for such meetings; one is to attain spiritual enlightenment by enriching oneself with knowledge and second is to develop mutual understanding and respect among the people divided by national boundaries, cultures and languages. During the convention, learned scholars give insights into various subjects pertaining to an individual, in particular & to the society in general. Apart from lectures about gaining religious and moral values, contemporary socio-economic and political problems and their solutions are also discussed. Peace, love and brotherhood are what forms the essence of this spiritual gathering.
